Assessment 2: Final Report

Instructions to Student:

Please note: Work presented in an assessment must be the student's own. Plagiarism is where a student copies work from another source, published or unpublished (including the work of a fellow student) and fails to acknowledge the influence of another's work or to attribute quotes to the author. Plagiarism is an academic offence.

Work presented in an assessment must be your own. Plagiarism is where a student copies work from another source, published or unpublished (including the work of another student) and fails to acknowledge the influence of another's work or to attribute quotes to the author. Plagiarism is an academic offence and the penalty can be serious. The University's policies relating to Plagiarism can be found in the regulations at <http://www.beds.ac.uk/aboutus/quality/regulations>. To detect possible plagiarism we may submit your work to the national plagiarism detection facility. This searches the Internet and an extensive database of reference material including other students' work to identify. Once your work has been submitted to the detection service it will be stored electronically in a database and compared against work submitted from this and other universities. It will therefore be necessary to take electronic copies of your materials for transmission, storage and comparison purposes and for the operational back-up process. This material will be stored in this manner indefinitely.

I have read the above information and I confirm that this work is my own and that it may be processed and stored in the manner described.
